What if you could simplify your charitable giving, maximize your tax benefits, and increase your impact on your favorite charities all at once? It's possible with T. Rowe Price Charitable—a *smarter* way to give.

How it works

Support your favorite charities in a smart, tax-efficient way.

Instead of writing multiple checks to different charities, simplify your giving by making a single tax-deductible donation to T. Rowe Price Charitable. T. Rowe Price Charitable makes supporting the causes you care about as simple as: Contribute. Invest. Give.

SO WHAT IS T. ROWE PRICE CHARITABLE?

T. Rowe Price Charitable is a national, donor-advised fund that was founded by global asset management firm T. Rowe Price in 2000.

T. Rowe Price Charitable provides an efficient and effective means for initiating, investing, and distributing charitable gifts. Through T. Rowe Price Charitable, individuals and corporations can actively engage in philanthropy and support qualified charitable organizations throughout the U.S.

Here's how it works:

Contribute

Establish your account by making an irrevocable contribution of \$5,000 or more in cash or long-term appreciated securities. As soon as you contribute, you'll be eligible for an immediate tax deduction for the current year, up to the allowable IRS limits.

Invest

While you decide how you want to give, your donation will be invested, so it has the potential to grow tax-free and earn more for charity. You can choose from our investment pools professionally managed by T. Rowe Price.

Give

Support your favorite charities, right away or over time, by making grant recommendations of \$100 or more. We'll distribute the grant and handle the paperwork for you.

Contributing
and tax benefits

Contribute cash or
appreciated securities
and earn an immediate
tax benefit.

As a T. Rowe Price Charitable donor, it's easier to be more
thoughtful about your giving and more strategic about your taxes.

GET STARTED WITH JUST ONE DONATION.

It's easy to establish your giving account—simply make an irrevocable contribution of \$5,000 or more using cash or long-term appreciated securities. From there, you can continue to make contributions at any time.

MAXIMIZE TAX BENEFITS AND CONTRIBUTIONS BY DONATING APPRECIATED SECURITIES.

When you donate appreciated securities, like stocks, directly to T. Rowe Price Charitable, you won't have to pay capital gains taxes, which means more of your assets can go toward supporting the charities you care about most. In addition, your donation will be valued at the current market value of the securities, which can be deducted from your federal income taxes, up to IRS limits.

TAKE A CLOSER LOOK: DONATING APPRECIATED STOCK YIELDS TAX SAVINGS*

	Sell Stock	Donate Stock	Additional Tax Savings
Current Market Value	\$100,000	\$100,000	—

*This is an illustration for donating appreciated, unrestricted, marketable stock held for more than 1 year to a public charity (including a donor-advised fund).

**The Federal income tax benefit is calculated assuming that you can fully realize the federal income tax benefit from itemizing your deductions. Your savings may be reduced due to the amount of your adjusted gross income or your donation is not made to a public charity.

†This is the net of tax benefit at 37% minus capital gains tax paid at 20%. This illustration does not take into account your state or local taxes or the 3.8% Medicare surtax, which may result in additional tax savings. Savings in all cases could be significantly reduced if your donated asset is subject to restrictions or has a holding period of 1 year or less.

TIME YOUR TAX DEDUCTIONS FOR WHEN YOU NEED THEM MOST.

As soon as you contribute to T. Rowe Price Charitable, you'll be eligible for an immediate tax deduction for the current year. This means you can time tax deductions for when they are most beneficial to you, even if you're not ready to recommend a charitable grant immediately.

Donation amounts above IRS limits can be carried over and deducted in future years. Consult your tax advisor for advice on your personal situation.

SIMPLIFY YOUR RECORDKEEPING TO MAKE TAX TIME A LITTLE LESS TAXING.

Say goodbye to sorting through multiple tax receipts. With T. Rowe Price Charitable, we list all your tax-deductible contributions to your account online and provide you with a consolidated acknowledgment letter, which includes all the information you need for tax reporting.

Your investment
options

Increase your giving potential with our investment pools.

When you donate to T. Rowe Price Charitable, your contribution is invested, giving it a chance to grow tax-free over time and generate additional funds for charity.

CHOOSE FROM OUR PROFESSIONALLY MANAGED INVESTMENT POOLS.

You advise us on how you want your contribution invested. We offer investment pools with specific objectives ranging from income-focused to growth-oriented. You can invest in just one pool or a combination of them. You're also free to recommend changes to how your account is allocated among the pools at any time.

FEEL CONFIDENT; YOUR CONTRIBUTION IS IN GOOD HANDS.

Each investment pool is composed of mutual funds managed by T. Rowe Price, a global investment management firm. Founded in 1937, T. Rowe Price has over 80 years of experience helping clients achieve their investment goals. The T. Rowe Price strategic investing approach means a team of experts regularly reviews our investment pools and assesses when to make changes in an effort to provide competitive, long-term performance.

SEE HOW YOUR CONTRIBUTIONS CAN GROW OVER TIME.

In the hypothetical example below, you can see how investing your charitable donations could help increase the total amount you give to charity over time. First, consider a \$10,000 annual gift given directly to charities over a 15-year period. It would result in a total gift of \$150,000. For comparison: Suppose you contributed \$10,000 for 15 years to T. Rowe Price Charitable and granted \$5,000 to charities each year, until granting the remaining balance at the end of the 15th year. You'd have given a total of \$205,000—over a third more than if you'd contributed the cash directly to charities.

Results for the donor-advised fund are pretax in future value dollars, rounded to the nearest \$1,000. Assumptions: The donor-advised fund has a hypothetical 5.94% net return (7% gross return minus 0.56% annual investment management expenses and T. Rowe Price Charitable's 0.50% annual administrative fee) compounded annually over the 15-year period, with annual contributions of \$10,000 and annual grants of \$5,000 until a grant of the total remaining balance at the end of the 15th year. This chart is for illustrative purposes only and does not represent the performance of any T. Rowe Price Charitable investment pool. All pools are subject to market risk, including possible loss of principal. Please note that administrative fees are deducted from the account daily, not annually, as shown in this example.

■ **100%** International Equity Index Fund

Global Impact Equity Pool

Invests in durable, growing businesses of any market capitalization both within and outside of the U.S., including emerging markets. It takes an impact approach to investing, seeking opportunities that are capable of generating both long-term growth of capital as well as positive environmental and/or social impact, while excluding non-impact areas of the global economy.²

■ **100%** Global Impact Equity Fund

Risk Considerations: Stock prices can fall because of weakness in the broad market, a particular industry, or specific holdings. Bonds may decline in response to rising interest rates, a credit rating downgrade or failure of the issue to make timely payments of interest or principal. International investments can be riskier than U.S. investments due to the adverse effects of currency exchange rates, differences in market structure and liquidity, as well as specific country, regional, and economic developments. These risks are generally greater for investments in emerging markets.

An investment in a money market fund is not insured or guaranteed by the FDIC or any other government agency. Although it seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in a money market fund.

*Request a prospectus for any of the funds in which the pools invest by calling **1-800-690-0438**. Prospectuses include investment objectives, risks, fees, expenses, and other information that you should read and consider carefully before investing.*

T. Rowe Price Charitable's Board of Directors has ultimate authority over investment allocations.

¹Diversification cannot assure a profit or protect against loss in a declining market.

²The pool's underlying fund may not succeed in generating a positive environmental and/or social impact.

GAIN RECOGNITION FOR YOUR CHARITABLE GIVING.

Grants you make through T. Rowe Price Charitable can identify you as the donor, include your address, and provide the name of your account. You can also ask that the grant be made “in memory of” or “in honor of” a special person. If you prefer, grants can also be made anonymously.

Creating
a legacy

Create a charitable legacy and extend your giving for years to come.

With T. Rowe Price Charitable, there are a number of ways you can cultivate a charitable giving tradition that extends beyond your lifetime.

PASS ON A LEGACY OF GIVING TO YOUR FAMILY OR FRIENDS.

- **Create a special name for the account.** When you establish your account, you have the power to name it similarly to the way a private foundation can be named. You can remember a friend or family member, build a legacy in your family name, or establish a charitable fund in the name of your business. For example, names could include The John Smith Fund for the Arts or The Jane Smith Family Charitable Gift Fund. The word “foundation” may not be included in the name.
- **Name additional donor-advisors.** Share the joy of giving with friends and family. Individuals you name can participate in your charitable giving efforts by making subsequent donations, suggesting grant recommendations, and receiving periodic communications about T. Rowe Price Charitable. It’s up to you which privileges each person can enjoy.
- **Establish a successor to your account.** Naming one or multiple successors can help ensure your family enjoys your legacy of charitable giving for generations to come.

LEAVE A LEGACY FOR YOUR FAVORITE CHARITIES.

- **Name a beneficiary organization.** You can name one or more qualified charitable organizations as a grant recipient, each receiving a percentage of remaining account assets, either all at once or over time.
- **Create a legacy giving plan.** Continue supporting your favorite charities far into the future with annual grant distributions. You select one or more beneficiary organizations, the account duration time, and the annual distribution percentage.

Account fees

Lower fees can mean more money for giving.

One of the best ways to help maximize the funds available in your giving account is to keep a close eye on expenses. That's why we offer some of the lowest administrative fees among all the major donor-advised funds.

YOUR TOTAL FEES.

The total annual fees for your account are made up of the sum of the administrative and investment fees. You can feel confident that T. Rowe Price Charitable is committed to keeping expenses low while delivering high-quality service.

ADMINISTRATIVE FEES.

T. Rowe Price Charitable assesses this annual fee on your account's assets to help cover operating and administrative expenses. The prorated assessment is made on a daily basis and is reflected in the net asset value of each investment pool.

Account Balance	Administrative Fee
First \$500,000	0.50%
Next \$500,000	0.39%
Next \$1,500,000	0.18%
Next \$2,500,000	0.12%
Next \$10,000,000	0.10%
\$15 million and over	0.09%

INVESTMENT FEES.

Investment fees for the pools are the pro-rata share of the fees and expenses of the underlying funds in which the pools invest and generally range between 0.07% and 0.80% on an annualized basis. The pools' investment returns are net of expenses of the underlying mutual funds. You can find out the fees associated with each pool by visiting the T. Rowe Price Charitable website at trowepricecharitable.org.
